

# OUR HERITAGE

## Introduction

..... Children are the heritage of the Lord.

## Verse 1

Words just can't describe, the wicked things we do,  
we kill our unborn children, inside their mother's womb.  
I think about dear Hannah, how she cried before the Lord,  
life just wasn't living, till she had that baby boy ...

## Chorus

G... Children are the heritage of the Lord,  
blessed is the man who has his quiver full.  
They tell me that times are changin',  
and children me can't afford...  
Still children are the heritage of the Lord.

## Verse #3 only ...

They tell me that times are changin',  
and children we can't afford ...  
Still children are the heritage of the Lord,  
CHILDREN ARE THE HERITAGE OF THE LORD!

## Verse 2

God has ordained the family, to continue the human race,  
it is a most precious union, that man just cant replace.  
Husband and wife as one, and rearing a family,  
teaching about the Saviour, and living for eternity...

(Chorus)

## Verse 3

Jesus loves little children, He sat them upon His knee,  
He warns us of offending, any little ones such as these.  
Listen to the voice of Jesus, and consider what we've heard  
if we want God to bless our nation, we must obey His Word...

(Chorus)
