E... A-  
By faith I can see, the end of the way,

the end of this "Road of Grace."

## Verse 1

E B  
The days seem long, when trials are strong  
A- B  
Sleepless are the nights, when souls are affright  
E B  
But the Word of the Lamb, is a lamp unto my feet  
A- B E... A- E... A-  
it tells of the day, of victory complete.  
E B  
The battles that I face, often know defeat  
A- B  
when by the eye of faith, I fail to see  
E B  
But when I look up, and see the One who died  
A- B... E... A- E... A-  
who was buried and rose again, and ascended up on high...  
(chorus)

## Verse 2

E B  
The days race by, the years take wings and fly  
A- B  
friends come and go, like ships in the night  
E B  
But Jesus is the same, unlike men who change  
A- B E... A- E... A-  
living deep within, He's an ever-present friend.  
E B  
The color of faces fade, our hair turns to gray  
A- B  
our children now are grown, and new life's begun  
E B  
At the journey's end, I see Jesus in the clouds  
A- B... E... A- E... A-  
and with the trumpet sound, He calls His people out.  
(chorus)
